Mariages et Réceptions

*"Petit Trianon" architecture and "countryside" atmosphere:
combine extremes for a truly successful party.*

Le Château de Pourpry

Built in 1920 by Mr Gary, a Parisian architect who participated in the renovation of the Petit Trianon, the Château de Pourpry will surprise you by its unusual style in the region.

20th century castle, it mixes art nouveau and Napoleonic style, plaster and wood moldings, fountain, stairs, statues, railings, concrete arches and basins.

These are the “roaring twenties” and many parties are organized at the sound of tango, foxtrot and middle jazz. a festive and carefree time.

Its 8 hectare park has a large ornamental pond, today transformed into a natural bathing area, rose gardens and several centennial trees for memorable photos.

Outside, the large grassy terrace at the foot of the castle with a view overlooking the region up to the Pyrenees welcomes you with a surface area of 250m².

You can also have lawns around the swimming area.

Our particularity :
